Create Memories Together, Make Waves

YAMAHA PIANO COURSE (YPC)

For over 50 years, Yamaha music has established itself as the pioneer in the field of music education in our country. With music programmes and courses ranging from group and individual, from Electone® to Piano, Violin to Guitar, Yamaha music lesson is the brand name that parents and children would associate with.

In addition to our successful courses like the Junior Music Course (JMC), the Yamaha Piano Course (YPC) was introduced in October 2011.

The Yamaha Piano Course is a course developed based on Yamaha's philosophy and concepts. Our education system cultivates musical ability, creativity and the love of music.

From the course, students learn to hear, sing, play, read, understand and appreciate every aspect of music. As they advance, children apply the fundamental skills that they have acquired in their earlier studies through performance, improvisation and composition.

YAMAHA PIANO COURSE CONCERT (YPCC) 2019

In support of our Yamaha Piano Course students, Yamaha Music Schools in Malaysia together with Yamaha Music (Malaysia) Sdn Bhd, organized the Yamaha Piano Course Concert (YPCC) for the 8th consecutive year.

The YPCC is an event organized to provide a good opportunity for teachers and students to work together to showcase student's potential musical talent and skills.

This year we had the privilege of witnessing both our teachers and students performing together , singing melodies in Solfege, a musical language.

The objective of this new addition to the concert programme gives the audiences an opportunity to know the additional subjects that are being taught during the weekly lessons.

This year , we are proud to co-organize the YPCC 2019 event together with 35 Yamaha Music Schools nationwide.

We wish to hereby thank all our participating Yamaha Music School Owners and Staffs, Teachers and Parents for your unending support in making the Yamaha Piano Course Concert (YPCC) 2019 a successful event.
